

Why make a Will?

Most importantly, to ensure that all your assets, both in terms of property and savings, pass to those **you** wish to benefit - not those who may inherit if you do not leave a Will.

There are strict rules which dictate who receives your estate in the absence of a Will and sometimes these rules do not achieve the result you would desire or expect.

We are therefore happy to discuss your Will and associated issues including:

- Funeral arrangements
- Guardians for your minor children
- Appointment of Executors and Trustees
- Provisions for children and adults with special needs
- Planning for Inheritance Tax
- Treatment of business and agricultural assets
- Trusts and associated tax advice
- Planning for care home fees
- Lasting Powers of Attorney

Our experienced team of highly trained Solicitors offer practical and friendly advice to help find solutions adapted to your personal circumstances.
